

## B. C. S. Bulletin To Old Boys

VOL. XII No. 2

COMPILER: H.L.HALL, M.A.

MARCH 1953

The Bulletin was originally called "The B. C. S. Bulletin To Old Boys on Active Service" and was designed to keep Old Boys who were on Active Service overseas in touch with one another and with the School. The first issue appeared in October 1941, and was sent to about 40 Old Boys whose addresses were known. The mailing list increased to about 150 when the second issue was produced in December 1941. By June 1943, when the 11th issue had come out, copies were being sent to over 300 Old Boys, which number, by June 1944, when the 16th issue had been compiled, had increased to over 400. (Old Boys who were then at the School will remember "the free periods" they had when they folded and put the Bulletins into envelopes! And some 30 receivers of a June issue of one of the War Years will also remember receiving mimeographed copies of a summary of a French play studied that year for Matric. No "arrière-pensée" was then intended --- just the compiler's error getting them mixed up with copies of the Bulletin!) In 1945 the words "On Active Service" were dropped from the Bulletin's name, and it was sent to all Old Boys, whether members of the Association or not, whose addresses, numbering some 600, were known. That same year the Association footed the expenses of the Bulletin though it was still compiled, Gestetnered and mailed from the School. By the end of 1946 the number exceeded the 700 mark. Between June 1944 and June 1948, 16 further issues appeared with summarized ones included in the Christmas and June issues of the School Magazine for those same years. By 1949 the mailing list was approaching the 800 mark, and as the days here at the School just didn't contain enough time for one to amass the material, Gestetner it, fold copies and put them into envelopes, as well as perform other duties, the Old Boys' Association since that year has had the Bulletin produced in and mailed from Montreal, the material still being compiled here at the School. In 1950 the Association revised the address list, now containing 900 or more names. Since 1949, issues of the Bulletin have been appearing regularly in the months of November, March and June, the June one being incorporated in the annual issue of the School Magazine. This present issue is the 43rd.

-----

As will be seen from the above, all Old Boys, whose addresses are known, have been receiving free of charge, for the past eight years, regular issues of the Bulletin. With the increase in numbers on the mailing list, the expenses in connection with the Bulletin have likewise increased. Old Boys have been very generous in expressing their appreciation of the Bulletin; may we ask them to be equally generous in considering the fact that its expenses have to be met by the Association which also looks after the Old Boys' Scholarship, the Magazine, the Annual Dinner, and general expenses in connection with the Association itself. Numerous Old Boys, year after year, have been shouldering the expenses of all these worthy activities. They have been generous beyond measure, and their loyalty to and interest in their Old School have been unflagging over the years. Since 1948, our aim has been to have at least 500 Annual Members and as many Life Members as possible. The Bulletin mailing list contains 900 names, yet total membership in the Association numbers only slightly over 400. ARE YOU PULLING YOUR WEIGHT?

### INSPIRATION FOR US YOUNGER OLD BOYS

W. A. C. Hamilton, Esq., ('80-'82). South Bolton, P.Q., whose visit to the School last June Closing we remember with pleasure, became an annual member of the Association in 1952. On January 10, of this year, he sent a cheque covering Life Membership. We welcome him most cordially and thank him not only for his generosity and loyalty to the School, but also for the wish, at his age, to be associated with the aims and ideals for which the Association stands. Mr. Hamilton is 88 years of age.

D. C. Jolly, Esq., ('96-'99), 422 North Western Ave., Chicago, whose visit to the School in October 1951 we remember with pleasure and whose letter in the November 1951 issue of the Bulletin was appreciated by Old Boys, became a Life Member in that same year. Last year Mr. Jolly came from Chicago to be present at the Annual Dinner early in February, only to find that it had been cancelled owing to the sudden death of the King. When the Dinner was held two weeks later, Mr. Jolly was present at it. This year, (please note the date) on February 7, Mr. Jolly was in Los Angeles, California when he received the Association announcement that the Dinner was to be held on February 12. Aeroplane travelling made it possible for him to be present at the Dinner again this year.

## AN EXCELLENT SUGGESTION

It was suggested at the Annual Business Meeting, held prior to the Dinner in Montreal on February 12, that each Old Boy member of the Association make it his personal business to get an Old Boy, preferably one of his own years at the School, who is not yet a member, to become one. It was pointed out that without an extra 200 members, the work of the Association could be seriously jeopardized, but the fees from 200 more members would eliminate the annual deficit of the Association, strengthen the position of the Scholarship, make it possible to increase its amount and help immeasurably in achieving the purpose, aims and ideals for which the Association stands.

ONLY 200 MORE MEMBERS - Surely, this is not impossible; and we must not regard it as such.

The mailing list contains over 900 names: slightly over 400 are members: WHAT ABOUT THE OTHERS?

We have often heard something like this: "Oh! I meant to send my fees, but-----". Now if YOU and the rest of the 500 would only realize how your extra fees, when added together, would ensure the security of the Association and make the difference between failure and success in the overall plans of the Association, we are certain that YOU will not allow carelessness, neglect, indifference, forgetfulness (or whatever the reason is) to stand in the way of carrying out what about 400 Old Boys have been doing loyally and faithfully over the years.

There are very, very few of us who can honestly say that the School has not helped us --- and helped us at that age when we needed help most. Can we not, therefore, all of us, not just the 400, make a more determined effort to eliminate carelessness and neglect when it comes to the payment of annual fees? Need we have to have repeated announcements to remind us that fees are due? Can we not make it a point that in October we automatically send in our annual fees? Surely, we could at least do this --- it would eliminate extra cost (what really amounts to unnecessary waste of Association funds) and it would save the time of your Committee members who perform their duties voluntarily and in their own spare time, which is as precious to them as to you.

WE HATE TO THINK OF THE WORD "FAILURE"! IN FACT, WE SHOULD NOT HAVE TO  
AND THERE IS NO NEED TO  
--- 900 NAMES ON THE MAILING LIST - ONLY SLIGHTLY OVER 400 MEMBERS ---

THE CALL HAS BEEN PUT THROUGH - CONNECTIONS ARE GOOD

WE ARE WAITING FOR YOUR REPLY

(A BLANK CHEQUE FORM WILL BE FOUND ON THE LAST SHEET OF THIS ISSUE)

-----

EXPRESSION OF THANKS    The School takes this opportunity of thanking the following most sincerely for their generosity towards, and interest in, its activities.  
Mr. and Mrs. M. Weinstein, Thetford Mines, P.Q., for their cheque for the Peter Holt Memorial Library and for the Camera Club.  
Mrs. H. W. Pillow, Montreal, for her cheque for the Peter Holt Memorial Library and the Prep School Library.  
Mr. G. B. McLeod ('84-'87), San Francisco, California, for his cheque for the Peter Holt Memorial Library.  
Mr. W. A. C. Hamilton ('80-'82), South Bolton, P.Q., for forwarding interesting lists and information pertaining to the School of the 1880's.  
Col. Victor Oland for a handsome gift of books by Canadian authors.  
An anonymous donor of copies of Punch.

-----

The Members of the Staff wish to thank all Old Boys for their kind remembrances at Christmas and reciprocate most warmly the wishes contained in their cards.

-----

Fees - \$3.00 annually for the first 10 years after graduation. \$5.00 annually after the 10th year, \$100.00 for Life Membership - are now payable for the current year 1953, and should be sent to:  
P. J. AIRD, Esq., P.O. Box No. 3, Place d'Armes Station, MONTREAL, P.Q.

We hope that a reading of the article, "Historical Facts Pertaining to The Cadet Corps", contained in this issue, will remind Old Boys of the benefits they derived when they were once members of the oldest Cadet Corps in Canada.

#### HOW YOU GAIN BY BEING A LIFE MEMBER IN THE ASSOCIATION

With the annual fees increased from \$3.00 to \$5.00 after the tenth year from graduation, you are literally throwing your money away if you don't become a Life Member.

Suppose you graduate at 17 (?) - well, for the next 10 years, you pay annual fees of \$3.00. This means that at age 27 you will have put out \$30.00.

Now we are assuming that you will live to age '90 plus'. (Well, why not? Think of the good food you had at B.C.S., the undisturbed sleep in the classroom and dormitory, the healthy

activities of sports, Cadet Corps, etc.) Well now, from age 27 to 90 plus (63 years plus--but the annual fees are now \$5.00) you will put out \$315.00 and this added to the \$30.00 (remember, this went down the drain 63 years ago -- gosh, how the years fly!) makes a grand total of \$345.00.

Well now, look here, Life Membership is a mere \$100.00. We are not asking you to take out "3 and a fraction" of them. THAT'S YOUR GAIN! We'll be happy, oh! so happy, to get our hands on just ONE. (BETTER RE-READ PAGE 2).

### HISTORICAL FACTS PERTAINING TO THE CADET CORPS

It was during the Rev. J. W. Williams' regime that the Cadet Corps was formed in 1861 - the oldest School Corps in Canada. After the Trent affair, it looked as though there would be trouble between England and the United States. In 1861 there resided in Lennoxville an English gentleman, Captain Rawson (he had come to Lennoxville in the 1850's and his example of offering accommodations to boys at the School served a purpose longed for by parents), who organized a company in the village of which he himself was Captain, Mr. Dudley deChair, Lieutenant, and Mr. George Capel, ensign. (Later, Mr. deChair became Admiral Sir Dudley deChair, and Governor of New South Wales.) Captain Rawson, whose sons were at the School, took a warm interest in the institution, and was the founder of the Corps which went under the name of the Bishop's College Rifle Corps. He appears to have had the co-operation of another good friend of the School, General Sir W. Fenwick Williams, of Kars. (Rawson's sons later had distinguished careers in the British Navy).

The boys of the School were somewhat anxious to have a kind of Zouave uniform, but this request was refused by the Government and they were fitted out with the ordinary rifle uniform; viz: dark, invisible green faced with red, the buttons black, with "Royal Canadian Rifles" on them and the head dress a round forage cap, black with three narrow red stripes. In 1866, this uniform was changed when the Corps became a Company in the 53rd Regiment in Sherbrooke, and a new issue of clothing was given to the boys. The Captain at that time, W. A. Yule, afterwards became Colonel of the Royal Scots Fusilier Guards. The Company was on the same footing as the other volunteer corps, the officers receiving their commissions signed by Lord Monck, the Governor-General, while the boys were on the payroll. In 1864, Lennoxville was visited by Lord Monck, the first Governor-General of the Dominion, who, together with Lady Monck and a large party, stayed for two days at Elmwood, Mr. Rawson's beautiful home. The Vice-Regal party attended the School sports and were enthusiastically greeted by the boys. A guard of honour of boy volunteers in rifle uniforms was inspected by His Excellency.

In the spring of 1866 occurred the 1st Fenian Raid, and as there was a rumour that the miners at what was then known as Nerve Hill intended to raid the School, seize the arms and join the Fenians, the Company was ordered out for active service, its orders being to guard the bridges in the vicinity of Lennoxville and to arrest all suspicious characters who could not give a satisfactory account of themselves. The Company was on this duty for about a fortnight and then it was learned that the Fenians, who had been on the neighbouring frontier, had passed on to St. Albans, Vermont, and the boys went back to school congratulating themselves that they had been the cause of the enemy changing its course. **THE SERVICE OF THIS CORPS IN THE FENIAN RAIDS EARNED FOR IT THE SINGULAR PRIVILEGE OF CARRYING BATTLE COLOURS.** Among those who received medals for their services at that time were: A. Hunt, Quebec; J. Cummins who presented his to the School in the 1920's and which is framed and hanging on the wall on the first landing of the Centre stairs; Dr. W. Russell, New York; H. Rhodes; the Rev. E. A. King; E. C. Hale, and G. Rhodes.

In 1867, the Company was inspected in Sherbrooke by Lieut. Colonel O. Smith, who, while bestowing much praise upon the 53rd Regiment, said: "In all my district I have never seen a Company so steady in the ranks or drill better than the Bishop's College School Company". The same year there was attached to the Corps a first rate fife and drum band, which, according to the Montreal Gazette of June 26, 1868, "added greatly to the enjoyment of the conversation at the Convocation that year"!

J. H. Stotesbury, an Old Boy, and one of three brothers who entered the School at the close of the Civil War in the States, in a letter published in the 1930 June issue of the Magazine, writes: "While reminiscing I wonder if there are any living members of the old Rifle Corps who remember our trip to Montreal to attend the funeral of D'Arcy McGee? It was in the winter and a very cold day; we had the honour of being placed at the head of the procession, and were stationed near a church at the entrance of what was called Pettycoat Lane; next to us was a Company of Highlanders in their kilts and bare legs. Pettycoat Lane was well named for the way the wind howled through that lane was something awful. It's a wonder we did not freeze to death but not a whimper was heard from any of us. Referring again to the old Rifle Corps: during my time, we were armed with old fashioned, smooth bore, muzzle loading rifles with paper cartridges which we tore with the teeth, the powder was then poured into the barrel,

the bullet following. The rifle range was located some distance back of the School, and I remember that on one occasion after going through our rifle practice, a small boy appeared from behind the target and on being asked what he was doing there, replied that he was looking for bullets."

A rifle range had been established for some time and the boys competed annually for prizes. From the Daily News of July 3, 1869, the winners of that year were: 1st Corporal Slater, Ottawa, double-barrelled gun; 2nd Corporal Stotesbury, fishing rod; 3rd Private Anderson, Montreal, opera glasses; 4th Private Thomas, Montreal, flask.

The Corps went on with varying fortunes until the spring of 1874 when the School was destroyed by fire. All the arms and accoutrements perished in the flames and no attempt was made to revive the Corps until the year 1879, when, owing to the exertions of the Rector (headmaster), the Rev. P. C. Read, the Government made a grant of arms and the Company was once more established. The new rifle was the Peabody, a heavy and obsolete weapon. The officers were: Captain, Rev. P. C. Read; 1st Lieutenant, T. J. Boulton; 2nd Lieutenant, H. J. H. Petry; and the non-coms: Sergeants Grant Hall and Wyatt Johnston, and Corporals Smeaton White and Guy C. R. Dunn. The instructor who brought the Company to a high state of efficiency was Sergt. Hamman of "B" Battery, Quebec. The Company according to the new regulations was now a Cadet Corps. From 1881 to 1890 interest in the Corps was at a low ebb, and although the boys performed their drill yet it was without uniforms and without officers. In 1891 occurred the second great fire in which arms and accoutrements were again lost. In 1894 the Company was again revived and since that time it has gone steadily on increasing in efficiency.

In 1901, during the visit of the Duke and Duchess of York, later to become King George V and Queen Mary, the Corps was invited by the kindness of Lieutenant Colonel Fraser to act as part of the guard of honour, and was again the subject of much favourable comment. The boys were minutely inspected by the Duke who was much interested in hearing that the founder of the Company had been the father of his old Commander, Admiral Sir Harry Rawson. Four buglers of the Corps had the honour of laying at the feet of Her Royal Highness a beautiful bearskin rug presented by the ladies of Sherbrooke.

In the 1910 June issue of the School Magazine, we read the following: "On October 7, His Excellency Earl Grey, Governor-General of Canada, visited the School. High-praise must be given to Sergeant Harney for the high degree of efficiency with which the Cadet Corps exercised its various manoeuvres". And in the same issue, the following words: "The closing exercises opened on Monday, June 20, with the annual athletic sports. At 7:30 P.M. the Cadet Corps was inspected by Col. Fraser. Immediately after the inspection, the Cadets, preceded by band, marched to the Preparatory School lawns for the distribution of prizes. The lawns looked beautiful in the moonlight, and electric lights and fairy-lamps dotted about the trees added to the effect, which was enhanced by the dresses of the ladies, and the smart uniforms."

In the 1915 issue occurs the following: "The Cadet Corps has accomplished a good deal of excellent work under Sergeant Pyke's painstaking and kindly guidance. A Fencing competition, the first for many years, took place on May 10, as a result of a fencing class held by Sgt. Pyke during the winter months. Smith came first and Domville second."

During the afternoon of Wednesday, October 29, 1919, the Prince of Wales (now the Duke of Windsor) paid a flying visit to Lennoxville. Earlier in the day, the Cadet Corps was on duty as a guard at the Sherbrooke station. After the Prince had proceeded to the headquarters of the 54th Regiment, the Cadet Corps returned to the Lennoxville C.P.R. station, gaily decorated with School colours and illuminated by many additional arc lights. A special raised dais was decorated with B.C.S. colours and festoons of the same colours were stretched across the four poles enclosing it. The Royal Train drew up opposite the dais at five P.M. The Prince then proceeded to inspect the Corps which was drawn up in three lines. After the inspection the Prince returned to the special car and stood on the platform to receive the cheers of the crowd gathered to greet him, while the Corps gave the Prince a typical School cheer which amused and pleased him. (Valued souvenirs of the visit were the Prince's cigarette stubs, later picked up where the special car had stopped!)

In 1924, the Cadet Corps being pronounced the most efficient in the Montreal Military District was awarded the Earl Grey Trophy for the first time. General Armstrong in presenting it, said: "This trophy, donated by Earl Grey, Governor-General of Canada from 1904-11, is given to the Province having the largest number of enrolled Cadets on parade at the annual inspection in proportion to the school population. After determining which Province it shall be awarded to, an inspection of the Cadet Corps of that Province takes place, and the Corps having the best general efficiency is picked out as winner of the Trophy."

The School has won this coveted trophy in the following years: 1924, 1926, 1928, 1933, 1938, 1945.

In 1931, when Col. C. G. M. Crier was Headmaster, the Cadet Corps changed from khaki uniforms to blue uniforms and pill boxes. At the Royal Military Tournament that year held in Montreal, May 25-28, the Cadet Corps Special Squad gave a demonstration of arm drill which was very well received. On the Sunday, the whole Corps took part in the Montreal Garrison Church Service and Parade, and were complimented on their smart turn-out.

In 1936, the Cadet Corps, the oldest one in Canada, was affiliated with the oldest Highland Regiment in the British Army, the Black Watch (Royal Highland Regiment) of Canada, at the Champ de Mars and in the Black Watch Armoury on Bleury Street, Montreal. So memorable and impressive a ceremony deserves more than mere mention, hence a full account of this important event in the history of the Cadet Corps will be contained in a future issue of the Bulletin.

From 1925 to 1945 the efficiency developed in the Corps was due in great part to Sgt. -Major, later Lieut. W. Fisher and the School sustained a great loss when he had to retire due to ill health. Old Boys of that period, just as Old Boys who received their training under Sgt. -Major Pyke, Sgt. Harney and Sgt. Hamman, will be forever grateful to him for the sense of discipline and soldierly bearing that he instilled in them and which stood them in good stead during the Second World War. During the past three years the Cadet Corps has been without a full-time instructor but the spirit of the boys themselves and the interest shown and the excellence of the training given by Mr. Smith of Sherbrooke, an ex-C. S. M. of the 1st Bn. Black Watch, has maintained the high degree of efficiency developed in the Corps over the years. Referring to the 1950 annual Inspection and annual Church Parade, Col. W. W. Ogilvie, former Chairman of the Board of School Directors, said: "The inspection, demonstration, precision and army drill were excellent. It so happened that a full-time instructor could not be procured and an ex-C. S. M. of the 1st Bn. Black Watch who works in Sherbrooke, took on the task in his spare time and even with many handicaps produced excellent results. It is almost incredible to believe that such a high standard of efficiency could be attained in a two-month period."

In September 1952, Captain S. F. Abbott, formerly director of Athletics at Stanstead College, was appointed Cadet Corps instructor and under his command the Corps looks forward to continuing success.

SKI NOTES:

The School skiers, coached by M. Robert Faure of Grenoble, France, and managed by Mr. R. L. Evans, have had an active season in spite of the fact that Saturdays have been almost invariably April-like in weather. The juniors have had more meets than usual, and Juster and Pollock won prizes in a local meet for juveniles early in the season. In an L.C.C. -organized "Quadrilateral Meet" the juniors competed against Sedbergh, L. C. C. and Ashbury, but were able to place no better than third. In the Interscholastic meet at Hillcrest, sponsored by the School this year, the Juniors took the team trophy, while the Senior team trophy went to Stanstead. Our senior skiers acquitted themselves well in the E. T. Junior Championship, and Pratt retained the trophy he won last year. In the Triangle Meet against Ashbury and L.C. C., the School won the Cochand Cup for the first time in several seasons. Pratt placed first in the downhill and slalom, and Stirling won the cross country. The Price Trophy for the best individual skier went to Scott of Ashbury. Those who skied for the School in the Triangle Meet were: Pratt (Captain); Ogilvie, Stirling, Milette, Duffield, Juster, Rogers and Penhale. The ski meet scheduled for February 28 between the School and various Schools of Quebec City had to be cancelled because of circumstances beyond one's control. The mid-term whole holiday was held on February 17 and many of the boys spent it at Hillcrest skiing.

PREP SCHOOL NOTES:

Contributed by the members of the Prep School Staff. One new boy joined the Prep after Christmas, Robert Yuile from Beaconsfield. The redecorated library was re-opened by Mrs. Glass on February 20. Mr. J. G. Cordon acted as carpenter and Col. and Mrs. Brine repainted the whole room. The walls are dark blue and the shelves and windows a sort of brick red. The folding doors have been panelled with a wall paper of R. C. M. P. and Indians with a surround of the same blue as the walls. Curtains with a design of ducks flying and woodland scenes complete the scheme. A Reading Competition is scheduled for March 7 and Dr. W. O. Raymond is to act as judge. To help Remove Form boys in their preparation for what is to come when they get to the Upper School, they now make their own beds!
